

EM-POWER THE FUTURE WITH RENEWABLE & SUSTAINABLE ENERGY!

An ISO 9001:2015 Certified Company

www.urjaglobal.in

ABOUT US

Urja Global Limited is public limited company incorporated under the company act 1956 in the year 1992 , committed to provide world class service for the rapidly developing economy with the motto " ऊर्जा बनाओ, ऊर्जा बचाओ, पैसे कमाओ..." The company in-vision itself as a significant player in the Indian energy sector particularly renewable & sustainable energy to save the environment by making various Eco-friendly products. We provide charging stations, huge range of electric scooter, e-rickshaw, e-auto, e-loader, e-cart, e-car and many more....

VISION

Our vision is to make the environment suitable for renewable & sustainable energy with the guidance of 6P's (i.e. public, private, panchayat, progressive, profitable, partnership, principle) for the upcoming generation.

MISSION

Continuously improve electric vehicle (EV's) Performance range & charging capabilities by research & development to make them more competitive with traditional fossil fuel powered vehicles to save the environment.

OUR GOAL

Emissions reduction EV's produce significantly lower emissions compared to conventional fossil fuel powered vehicles that meet the needs & preferences of customers while reducing the negative impact on the environment .

Lower noise pollution : EV's are much quieter than traditional vehicles, which can help reduce noise pollution in urban & rural areas.

Energy efficiency : We have aim to increase the accessibility & affordability to make them highly energy efficient compare to traditional fossil fuel powered vehicles. They convert about 65% to 75% of electrical energy stored in there batteries to power the vehicles only covert about 15% to 20% of the energy stored in fossil to power.

CORE VALUE

Honesty, Co-operation
Innovation, Teamwork
Timely Delivery

KEY FEATURES

E-ZESS

TECHNICAL

Power	-	250W
Max Speed	-	25 KMPH
Range Per Charge*	-	70 - 100 km*
Motor	-	BLDC Motor Water Proof (IP65)

BATTERY & CHARGER

Battery Type	-	Li-Ion/Lead Acid
Battery Rating (Min.)	-	48V28Ah
Battery Rating (Max.)	-	60V36Ah
Charging Time	-	4 to 5 Hours
Fast Charging	-	Yes (2 to 2.5hrs)
Energy	-	1344-2160 Wh

DASHBOARD

Display Type	-	Digital
Speedometer	-	Yes
Battery Status Bar	-	Yes
Drive Modes	-	03
Drive Mode Names	-	Normal/Eco/Power

TYRE AND WHEEL

Tyres	-	Tubeless
Wheel Type	-	Aluminium Alloy wheel
Wheel Dimension	-	1970x745x1165 MM
Tyre Dimension	-	90/100-10" (FR/RR)

ADDITIONAL FEATURES

- Reverse Mode
- Parking Mode - With Lever

* Actual Range may vary depending on riding and usage conditions, battery capacity, age of battery, overloading, etc.

* 1Year/20000Km (Whichever is earlier) on Powertrain, Not applicable on consumables.

* The Company Reserve the right to change specification, color and price without any prior notice, T&C Applicable.

BRAKING SYSTEM

Front Brake	-	Disc
Rear Brake	-	Drum
Break Sensor	-	Yes

FRAME AND SUSPENSION

Front Suspension	-	Hydraulic Telescopic
Rear Suspension	-	Double Shocker with Dual Tube Technology

AESTHETICS

Headlamps	-	LED
Taillight	-	LED
Indicators Front	-	LED
Indicators Back	-	LED
DRLs	-	LED

REMOTE KEY

Remote Lock	-	Yes
Remote Unlock	-	Yes
Wheel Lock	-	Yes
