II. <u>i)</u> Audit Qualification (Each Audit Qualification Separately):

- a. **Details of Audit Qualification: 1.** Reversal of GST Input Credits
 - **2.** Absence of documentary evidences for Investments in Mines Projects.
- b. Type of Audit Qualification: Qualified Opinion

c. Frequency of qualification:

- 1. The qualification w.r.t reversal of input tax credit was highlighted for the first time during the statutory audit conducted for the FY 2021-22.
- 2. The qualification w.r.t absence documentary evidence was highlighted for first time this during the statutory audit conducted for the FY 2021-22.
- d. For Audit Qualification(s) where the impact is quantified by the auditor-

Management's Views: 1. The qualification regarding the reversal of input tax credit first came to our attention during the statutory audit for the fiscal year 2021-22. Now, the Statutory Auditor has quantified the amount of input tax credit reversal in their report Less than Rs 697.00 Lakh for the quarter Dec 31, 2024. The company is in the process of paying creditors outstanding for more than 180 days & after paying the creditor input tax credit can be availed and utilized again.

- e. For Audit Qualification(s) where the impact is not quantified by the auditor:
 - (i) Management's estimation on the impact of audit qualification.
 - (ii) **If management is unable to estimate the impact, reasons for the same:** The qualification pertains to the absence of documentary evidence available for investment in projects. These projects are, predating FY 21-22. As the management diligently gathers the necessary documents, so it is crucial to recognize that the potential implications and their subsequent impact on the unaudited financial results, are currently uncertain.
 - (iii) Auditors' Comments on (i) or (ii) above.
